## THE INSTRUCTIONS FOR SHAREHOLDERS FOR REMOTE E-VOTING ARE AS UNDER

(i) The voting period begins at 9:00 a.m. (1ST) on Saturday, 28th August, 2021 and ends at 5:00 p.m. (1ST) on Monday, 30th August, 2021. - (ii) The Members who have cast their vote by remote e-voting prior to the AGM may also participate in the AGM through VC/ OAVM Facility but shall not be entitled to cast their vote again.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### NOTE - 1

### SIGNIFICANT ACCOUNTING POLICIES

### 1.1. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements of Bombay Wire Ropes Ltd are prepared in accordance with the Indian Accounting Standards (Ind AS) under the Financial assumptions which are not applicable for Going concern basis, as the company has discontinued its operations. The Ind AS are prescribed under section 133 of the Companies Act, 2013, read with rule 7 of Companies (Account) Rules 2014, other pronouncements of Institute of Chartered Accountants of India, the provisions of Companies Act, 2013 and guidelines issued by Securities and Exchange Board of India.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The Company has prepared these financial statements as per the format prescribed in Schedule III to The Companies Act, 2013.

### 1.2. USE OF ESTIMATES

The preparation of the financial statements in conformity with the Ind AS requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent liabilities as on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized.

### 1.3. PROPERTY PLANT AND EQUIPMENTS (PPE)

Property, Plant and Equipments are stated at cost of acquisition (net of Cenvat and GST wherever applicable) or construction less accumulated depreciation and impairment loss, if any. Cost includes any directly attributable cost of bringing each asset to its working condition for intended use.

Assets under installation or under construction as at balance sheet date are shown as Capital Work in Progress together with project expenses.

Ind AS 16 "Property, Plant and Equipment" requires the cost of an item of property, plant and equipment to include the initial estimate of the costs of dismantling/decommissioning and removing the asset and restoring the site on which it is located. Ind AS requires the liability, both initially and subsequently, to be measured at the amount required to settle the present obligation at the end of the reporting period, reflecting a current market-based discount rate.

### **Intangible Assets**

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization / depletion & impairment, if any.

### 1.4. DEPRECIATION AND AMORTISATION

- a) Depreciation on Fixed Assets is provided on Straight Line method in accordance with the rates as specified in Schedule II to the Companies Act, 2013 (as amended).
- b) Depreciation/Amortization on assets added, sold or discarded during the year has been provided on pro-rata basis.

### 1.5. FINANCIAL ASSETS:

The Company classifies its financial assets in the following measurement categories:

- (1) Those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- (2) Those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

At initial recognition, the Company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Profit and Loss are expensed in the Statement of Profit and Loss.

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

### 1.6. INVENTORIES

- a) Inventories (other than by-products) are valued at lower of cost and net realizable value after providing for obsolescence, if any. Cost of inventory comprises of purchase price, cost of conversion and other cost that have been incurred in bringing the inventories to their respective present location and condition. Interest costs are not included in value of inventories. The cost of Inventories is computed on weighted average basis.
- b) Assets identified and technically evaluated as obsolete and held for disposal are valued at their estimated net realizable value.
- c) By products are valued at net realizable value.

### 1.7. REVENUE RECOGNITION

- a) Sale of Goods is recognised at the time of transfer of substantial risk and rewards of ownership to the buyer for a consideration, net of discounts.
- b) Gross Turnover includes excise duty but excludes sales tax / GST.
- c) Dividend Income is recognised when the Company's right to receive dividend is established.
- d) Interest Income is recognised on time proportion basis taking into account the amount outstanding and rate applicable.
- e) All Other Income is accounted for on accrual basis.

### 1.8. EXPENSES

All expenses are accounted for on accrual basis.

### 1.9. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

- a) Provision is recognized in respect of obligations where, based on the evidence available, their existence at the Balance Sheet date is considered probable.
- b) A provision is recognized if, as a result of a past event, the Company has a present legal obligation that can be estimated reliably, and is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the outflow of economic benefits required to settle the obligation at the Balance Sheet date.

- c) Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.
- d) Reimbursement expected in respect of expenditure to settle a provision is recognized only when it is virtually certain that the re-imbursement will be received.
- e) A Contingent Asset is not recognized in the accounts.

### 1.10. IMPAIRMENT OF ASSETS

Impairment loss, if any, is recognized to the extent, the carrying amount of assets exceed their recoverable amount. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life.

Impairment Losses recognized in prior years are reversed when there is an indication that the impairment losses recognized no longer exist or have decreased. Such reversals are recognized as an increase in carrying amount of assets to the extent that it does not exceed the carrying amount that would have been determined (net of amortization or depreciation) had no impairment loss been recognized in previous years. After impairment, depreciation or amortization on assets is provided on the revised carrying amount of the respective asset over its remaining useful life.

### 1.11. FOREIGN CURRENCY TRANSACTION

Foreign currency transactions are accounted at the exchange rates prevailing on the date of transactions.

Foreign currency current assets and current liabilities outstanding at the balance sheet date are translated at the exchange rate prevailing on that date and the resultant gain or loss is recognized in the Profit & Loss account.

Any income or expenses on account of exchange difference either on settlement or on translation is recognized in the Profit and Loss Account except in case of long term liabilities, where they relate to acquisition or construction of fixed assets, in which case they are adjusted to the carrying cost of such assets in accordance with the exemption under Para D13AA of Ind AS 101.

### 1.12. BORROWING COSTS

Borrowing costs that are attributable to the acquisition or construction of a qualifying asset is capitalised as part of the cost of such asset till such time the asset is ready for its intended use. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

### 1.13. INSURANCE CLAIM

Insurance claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

### 1.14. EMPLOYEE BENEFITS

- a) Contribution to Provident Fund is accounted for on accrual basis. The Provident Fund contributions are made to a Trust administered by the Company. The interest rate payable to the members of the Trust is not lower than statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous' Provisions Act, 1952 and shortfall, if any, is made good by the Company. Such shortfall on account of interest, if any, is recognized in the Profit and Loss account.
- b) Company's defined contributions made to Pension Fund of Government and Superannuation Scheme of Life Insurance Corporation of India are charged to the Profit and Loss account on accrual basis.

c) Contribution to Gratuity Fund and provision for Leave Encashment is based on actuarial valuation carried out as on the Balance Sheet date as per Projected Unit Credit Method.

The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains or losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income.

### 1.15. TAXES ON INCOME:

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961.

Deferred tax is recognized, subject to the consideration of prudence in respect of deferred tax assets, on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future; however, when there is a brought forward loss or unabsorbed depreciation under taxation laws, deferred tax assets are recognized only if there is virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each Balance Sheet date and written down or written up to reflect the amount that is reasonably/virtually certain to be realized.

Minimum Alternate Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in the guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement.

The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income Tax during the specified period.

### 1.16. EARNINGS PER SHARE:

Basic earnings per share is computed by dividing the profit/(loss) after tax (including the post tax effect of extra ordinary items, if any) by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed by dividing the profit/(loss) after tax (including the post tax effect of any extra ordinary items, if any) by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares which could be issued on the conversion of all dilutive potential equity shares.

### 1.17 FINANCIAL LIABILITY:

Financial Liabilities are subsequently carried at amortized cost using the effective interest method, except for loans where the difference between IRR and normal rate of interest was immaterial.

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets upto the date when they are ready for their intended use and other borrowing costs are charged to Profit & Loss account.

### Fair Value Hierarchy

**Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

The mutual funds are valued using the closing NAV and listed equity instruments are being valued at the closing prices on recognised stock exchange.

- Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.
- **Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

- **18.6.** The figures of the previous year have been reworked, regrouped, rearranged and reclassified wherever necessary. Accounts and other disclosures for the preceding year are included as an integral part of the current year financial statements and are to be read in relation to the amounts and other disclosures relating to the current year.
- **18.7.** Deferred Tax Asset is not recognised during the year because there is no probability that future taxable profit will be available against which, the temporary difference in tax can be utilised. Deferred Tax Assets are reviewed at each reporting date and are reduced to the extent that is no longer probable.
- **18.8.** Provision for depreciation as per Companies Act 2013 as presented in Schedule II has been accounted for on the basis of the useful life of the asset.
- **18.9.** During the year, the Company has not recognised any provision for Income Tax/ MAT due to business losses which have been carried forward from previous years and has been adjusted from the profit of the current financial year. MAT credit can be carried forward for a period of 15 years. In FY 2020-21, 8 years stood lapsed. Hence there is no change in MAT credit.
- **19.1.** Companies operations are closed and therefore company has not prepared its financial statement on the basis of going concern assumptions.
- 19.2. The Companies operations are closed and hence there is no impact on account of COVID-19.
